- > Poisons and toxic substances, bites and stings
- > Shock management and musculoskeletal injuries
- > Dealing with emergency services and reviewing first aid response

Course Delivery Options

Face-to-face course

Our face-to-face course has been developed with online learning resources and tools to make your learning much easier. You will be required to bring a laptop or iPad to training which means you won't have to hand write everything on the day! We have a limited number of laptops as backup which can be booked for use in class if required and we provide support on the day.

eLearning + face to face assessment course

To complete the eLearning module, you will need access to a computer, laptop or iPad. The module can also be completed on an iPhone; however we recommend the above. You will need internet access and a basic level of digital literacy skills. Your eLearning module must be completed at least

1-working day prior to attending your face-to-face (F2F) assessment (2-hours) and you don't need to bring anything to on the day. Should you need any support please contact us.

Pre-requisites

There are no formal entry requirements for students looking to enrol in this course.

Entry requirements

MA Training Academy requires learners to have language, literacy and numeracy skills to an ACSF level 2. If you require further information on this please contact us.

Units of Competency included in this Course:

1. **HLTAID009** Provide cardiopulmonary resuscitation
2. **HLTAID011** Provide first aid
