## 'Wishing everyone a safe and festive season'

### Cyber Security

So many students are concerned about cyber security particularly given the recent events with Optus and Medibank.

#### Best tips are:

- > Update devices to protect information
- > Protect accounts with multi-factor authentication
- > Back up data regularly to the cloud or external hard drive

Check out the governments cyber quiz and learn more about cyber security here:

### Day and Night Security Course - Starting January 2023

We are excited to be starting both day and night security courses from January 2023. We hope this helps our students to balance work and study to undertake the CPP20218 Certificate II in Security Operations. The day course is delivered over 18 days and night course over 36 nights. Checkout our course calendar at:

[CPP20218 Certificate II in Security Operations – M.A Training Academy \(matrainingacademy.com.au\)](https://matrainingacademy.com.au)

**Terrorism ASIO Update - As of Monday 28th November ASIO have adjusted their National Threat Level from 'Probable' to 'Possible'. For more info check out the link below:**

### Victorian Security Course - Certificate II

**Our students are on track to finish their Certificate II in Security Operations before Christmas with the support of their great trainer Dirk McLean.**

We love seeing their smiles and hearing laughter coming from the classroom as they learn the ropes of the security Industry.

**Well done to all involved!**
